Tara Patterson

Born: 28th May 2001, Belfast Northern Ireland
Nationality: Irish

An exceptionally hardworking recent graduate in the field of Technology, I am eager to grow my skills, knowledge, and passion. Throughout my academic journey, I have consistently demonstrated a strong work ethic and a relentless drive for excellence.
Additionally, I have a proven ability to quickly learn and adapt to new technologies, which enables me to stay up to date with the rapidly evolving IT industry. I am highly proficient in troubleshooting and problem-solving, which allows me to effectively resolve technical issues while minimizing downtime to operations.

What truly sets me apart is my unwavering determination to achieve results. I am not afraid to go the extra mile, working tirelessly to complete tasks on time and deliver high-quality solutions. My ability to handle pressure, prioritize tasks, and multitask effectively ensures that I consistently meet expectations.

As a recent graduate, I bring fresh perspectives, a keen eagerness to learn, and a genuine passion for technology. I am now ready to apply my theoretical knowledge and practical skills in a professional setting, contributing to successful IT projects and making a positive impact.
